

WOOD ROAD RESERVE PLAYSPACE RENEWAL

(6 Wood Rd, Narre Warren South VIC 3805)

Site Location Map

SITE CONDITIONS

- Located in Narre Warren South, Wood Road Reserve is a neighborhood park framed by residential homes and a nearby school. The reserve features open grassed areas, established trees, and walking paths connecting parts of the park.
- The existing playground does not meet children’s needs due to limited equipment and variety. The limited play equipment, combined with scattered seating and minimal gathering spaces, reduces the park’s ability to support extended visits or promote active use by families and the local community.

DESIGN INTENT

- A new upgraded playspace will be introduced, aiming to cater to children across various age groups, ensuring a versatile and inclusive environment. The design will incorporate existing trees, creating a little jungle exploring experience for kids.
- Additionally, the basketball half-court will be upgraded to provide a good quality sport area, accommodating players of all ages and skill levels.
- Fitness stations will be proposed along the path, offering diverse exercise options that cater to different fitness levels and promote active lifestyles.
- New shelter, barbeque, picnic set, and drink fountain will be added, with more seating opportunities to improve visitor comfort and convenience, creating a more enjoyable and functional space for relaxation and social gatherings.
